Killing Stone

Bring your fear (bring them low)
Bring your dread (bring them low)
Lay them on the killing stone (kneel… kneel… kneel…)

Starve the ghost (kneel…)
Break the chain (kneel…)
Watch it die, now rise (rise…)
Go!

Be still, blank rounds only thunder
Drink the dark, watch them crawl
They fall… and fall… and fall… and fall… silence!
Rise… rise… rise…

We'll starve the ghost (kneel…)
Break the chain (kneel…)
No thought remains
We rise!

Silence… just watch… stand back…
Ghost King, rise!
Rise!
Rise!
